

Parents — who Host Lose the Most

Prom and Graduation season is here. **Metuchen CARES: Community Action for Recovery, Education, and Support** is about to launch its Safe, Sober Celebration campaign with lawn signs for residents to display on their front property. If you can host a sign (with the image above), send your home address to metuchencares@metuchennj.com, and a member of the CARES Committee will place one on your lawn. Signs will be distributed starting May 19, and they will be picked up by June 26 (three days after graduation).

Metuchen CARES is a proud sponsor of **Metuchen High School's Project Graduation**, a drug-free/alcohol-free overnight event organized each year by the parents of the senior class. Please join **Metuchen CARES** in wishing the Class of 2023 a wonderful prom and graduation, as well as every success in the years ahead. Congratulations, Class of '23!

Please ask for a lawn sign in support of a safe, sober celebration.
