

Minutes from Recreation meeting – September 8, 2015

Present: Bruce Peragallo, Donald Wallace, George Ludwig, Nancy Goldberg, Alicia Killean, John Masturzo

Fishing Derby : 45 kids participated on Saturday, August 29th . Very successful

Flyer s for Girls basketball: were sent out this week. The program will again be supervised by volunteer Head Coach Ken Hausser.

Girls Field Hockey : is currently under way under the supervision of Head Coach Laura Hale and her team of coaches.

Waiting on a quote for field cleaning and hopefully elimination on the “wavy” area on Myrtle Field. A white strip on Charles is being replaced under warranty.

DPW has been adjusting the underground sprinklers on Edgar Field . Due to the dry summer the watering schedule had to be adjusted. The filed seems to be responding well.

October Events:

Country Fair : October 3rd Mini Golf booth 10:00-3:00pm set up at 9:00am We need volunteers to help man the booth. Rain dates the following 3 Saturdays . Nancy will be ordering Recreation shirts for everyone to wear at our events.

Pumpkin Float /Carving : Saturday, October 24th We have to start carving late – 2:30pm because of the Farmers Market at the Senior Center. The float will start at 7:30pm at Tommys Pond with entertainment provided by Pre School of Rock.

Halloween Parade and Trick or Treat: Sunday , October 25th This event will be at the High School track. Trunk or Treat has slowed down over the last few years and since it’s a Saturday this year we feel people will be less willing to participate. Nancy is meeting with members of the Chamber of Commerce to walk the High School and figure out the logistics. No judging. Photo ops with bales of hay and the Fire truck .

Replacing Playground Equipment/ Fitness Stations : Replacing the most used fitness equipment first . The Accessibility Committee did a study of our outdated and non-compliant equipment. They want to start with Oakland Park. Nancy will contact several playground vendors for suggestions. First question we need to know is how much money do we have for this project????

Respectfully Submitted by

Alicia Killean
