

Metuchen Recreation Commission Minutes from June 14, 2016

Present: Scott Brooks, Donald Wallace, Matt Masturzo, Liza Bruns, Alicia Killean, Dee Sneddon, Ron Grayzel, Nancy Goldberg

Playground Presentation: from JJ RYAN Inc. Ron Grayzel is going to give concept to the Borough Engineer. Looking into the possibility of the Boy Scouts to see if anyone wants to make benches similar to the Oakland Tennis Courts for their Eagle Scout project.

Memorial Day Parade : Since the event was canceled we will have supplies for next year which we will store in the Senior Center attic.

Summer Camp enrollments : programs are starting to pick up. Will have a full report for our August meeting.

Fishing Derby: Tentative date is Saturday, August 20th, same as our movie night in Oakland Park.

Field Meeting report: A committee has been meeting to see what needs to be done to make the field useable. Hampton Field being a good example – the underground sprinklers need to be repaired. Next step is to bring an engineer to give his opinion. More and more sports are having extended seasons so space is limited and fields are maxed out.

Pocket Park project – Jennifer Maier forwarded information about a grant for “unusual” park projects. A suggestion was made to maybe look at an underdeveloped plot of land at the intersection of Voorhees and Woodbridge Avenue.

Next meeting is Tuesday, August 9th

Respectfully Submitted by

Alicia Killean Commission Secretary
