Camp Philosophy

The Bulldog Baseball Camp Staff will provide fundamental instruction to ensure proper development of young baseball players. It is the philosophy of the staff that young players can have fun while focusing on their skills. Instruction will cover the areas of pitching, hitting, fielding, proper throwing

technique and baserunning. The goals are to provide greater individual instruction with a small staff to camper ratio; develop the player through individual, small group and team instruction; and concentrate on fundamentals delivered by quality, experienced, high school coaches and college players.
