

METUCHEN ENVIRONMENTAL COMMISSION PRESENTS

# Metuchen's First Annual Environmental Film Festival

Please join us for free screenings of the following environmental documentaries to learn how the decisions each of us make every day impact the world around us. Learn thoughtful and sustainable solutions to our shared problems and be inspired to make changes that can create a more sustainable future for all.

Friday  
**19**  
JAN

**CHASING CORAL** – Coral reefs around the world are vanishing at an unprecedented rate. In this documentary, a team of divers, photographers and scientists sets out on a thrilling ocean adventure to discover why reefs are disappearing and to reveal this underwater mystery to the world. (Not rated – 93 minutes)

Friday  
**23**  
FEB

**THE TRUE COST** – This documentary tells the story about the clothes we wear, the people who make them, and the impact the clothing industry is making on our world. The price of clothing has decreased while the human and environmental costs have grown dramatically. Explore the untold stories and consider who really pays the price for our clothing. (PG-13 – 92 minutes)

Friday  
**23**  
MAR

**HOMETOWN HABITAT: Stories of Bringing Nature Home** – This educational environmental documentary focuses on showing how and why native plants are critical to the survival and vitality of local ecosystems. Learn the inspiring stories of communities that have made the commitment to conservation. (Not rated – 90 minutes)
