Have an interest in musical theatre? Loved being involved in the Edgar and MHS shows? We're Metuchen alumni with a passion for arts education. Our instructors have performed with Rutgers University, Muhlenberg College, The New Jersey Performing Arts Center, and Plays-in-the-Park. This summer, we're offering individualized training in voice, movement, improv, and other aspects of performance in a creative and encouraging environment.

Each performer will have the opportunity to work on their own scenes, songs, and monologues, as well as a group dance combination, culminating in a final showcase at the end of our three weeks.
